Mega Cold® Products

Application: *Industrial and Commercial Beverage Coolers and cases.*

The Mega Cold® filter reduces humidity (moisture) which allows the compressors to run less. Reduced humidity also makes the coolers and display cases colder which **increases Customer satisfaction**. A happy customer is a return customer.

Installation: Designed for use in beverage coolers and counters. Installation instructions provided with each filter.

Shipping Weight:

- Mega Cold-20 = 20lb
- Mega Cold-10 = 10lb
- Mega Cold-PTAC = 8Lb
- Mega Cold Brick = 2 1/2Lb

Warranty: All Mega Cold® products come with a 90-day Money-Back Guarantee.

Dimensions:

- Mega Cold 20lb: L30" X H12" X D3"
- Mega Cold 10lb: L15" X H12" X D3"
- Mega Cold PTAC: L23" X H4.5" X D3"
- Mega Cold Brick: L7.5" x H4.75" x D3"

Manufacturer's Qualifications

Over a decade of experience

Mounting: Hardware provided.

Mega Cold Models

Mega Cold 10-Lb: Designed to treat up to 500 cubic feet of cooler space.

Mega Cold 20Lb: Designed to treat up to 1000 cubic feet of cooler space.

Mega Cold PTAC: Designed to treat up to 500 cubic feet of cooler space.

Mega Cold Brick: Designed for reach-in coolers

ROI: Less humidity means less run time for compressors. This means **more dollars** to the bottom line. A dollar **saved** is a dollar **earned!**

Maintenance: Remove once a year and rejuvenate by placing in direct sun light for 6-8 hours. May also rejuvenate by placing in a low temperature oven for 1 - 2 hours (150 degree F.)
